

# STEALTH<sup>®</sup>

## Dual Flush Toilet

### The Niagara Stealth Dual Flush Toilet Allows You To Choose Between A Full or Partial Ultra-High-Efficiency Flush

Innovative and stylish, Niagara's Stealth Dual Flush delivers two efficient flush options – 0.95 GPF full flush for solid waste and 0.5 GPF reduced flush for liquid waste. With its quiet flush, low-profile body and breakthrough patented hydraulic technology, the Stealth has revolutionized the toilet market. It is offered in an elongated model and adaptable to fit a standard 12" roughing installation. The Stealth easily replaces your existing toilet, offering superior performance and lowering water usage and utility bills like no other toilet can.

- Save Water Without Sacrificing Performance
- Saves Nearly 50% More Water Than Standard High-Efficiency Toilets
- Quiet, Vacuum-Assisted Flush
- No Flapper. No Leaks. Less Maintenance. Less Water Wasted.
- 800g MaP Premium / WaterSense Certified
- Limited Lifetime Warranty
