

Niagara Original Stealth

November 29, 2017 *No Comments*

The Original Stealth toilet now comes with a side handle. Innovative and stylish, the toilet's durable side flush handle adds a classic element to what is otherwise a very forward thinking toilet. Available in either an elongated or round bowl, the design provides a comfortable seat and the extended footprint makes it perfect for any retrofit project. The toilet features patented Stealth and vacuum-assist flush technology. The new product is fully ADA compliant with the appropriate seating.
